

2422 E. Sepulveda Blvd., Long Beach, CA 90810

## NOW HIRING COMPANY DRIVERS **Home Daily**

We provide a full spectrum of trucking services for companies located throughout southern California. Whether they are importing or exporting goods through the ports of Los Angeles and Long Beach, we fully assist with their drayage needs. We specialize in transloading which is the process by which a product is moved from one form of transportation to another. For example, we transfer soybean meal from railcars, into ocean containers. Once in ocean containers, we haul the commodity to the ports to be shipped via ocean vessel anywhere in the world. Besides soybeans, we also handle hay cubes, corn, wheat, beets in all forms; whole grains, pellets, grits, meals, and flours. We own our own 4 axle trucks and tri axle chassis.

**Day shift: Starting Pay rate \$20 per hour / Night Shift: Starting Pay rate \$22 per hour**
